How to Tune and Modify Engine Management Systems Jeff Hartman 2004-02-13 Drawing on a wealth of knowledge and experience and a background of more than 1,000 magazine articles on the subject, engine control expert Jeff Hartman explains everything from the basics of engine management to the building of complicated project cars. Hartman has substantially updated the material from his 1993 MBI book Fuel Injection (0-879387-43-2) to address the incredible developments in automotive fuel injection technology from the past decade, including the multitude of import cars that are the subject of so much hot rodding today. Hartman's text is extremely detailed and logically arranged to help readers better understand this complex topic.

Porsche 928, 924, 944 and 968 Marc Cranswick 2016-03-28 Porsche AG, today the most profitable car company in the world, was in 1975 a small but headstrong German automaker on the verge of its most significant development. New national laws were changing the way manufacturers designed their products, but the auto consumer was also craving more exciting and innovative design. That innovation came in 1975 with the release of the revolutionary Porsche 924. This book begins its analysis with the creation of the Porsche 924 and the impact it made on the automotive world. During the 1980s, Porsche honed earlier 924 designs to create the 944 and its Turbo and convertible variants, and later the 968, completing a line that has produced some of the most respected sports cars of the modern era. The text also follows in detail the long production life and development of Porsche's V-8 powered high performance grand tourer, the 928—introduced in 1977, named the 1978 European Car of the Year and culminating in the 350 bhp 928 GTS of the 1990s. This history of the dynamic Porsche family gives a full account of each model and reveals the unique contributions each has made to a constantly evolving automotive world.

Porsche 75th Anniversary Randy Leffingwell 2022-11-22 Porsche 75th Anniversary: Expect the Unexpected covers the key moments, moves, and cars that make Porsche among the world's greatest and most storied auto manufacturers.

Illustrated Buyer's Guide Porsche Dean Batchelor 2010-09-16 The Illustrated Buyer's Guide Porsche provides enthusiasts with information and insight helpful to identifying desirable models and avoiding problems as they search for their ideal Porsche. Adding new material and revising previous information, this book covers all the Porsche models through 2010, including the last of the air-cooled 911s, the water-cooled 911s, Cayenne, Cayman, Boxster, and Panamera.

The Cars of American Motors Marc Cranswick 2011-12-22 Though American Motors never approached the size of Detroit's Big Three, it produced a long series of successful cars that were distinctive, often innovative and in many cases influential. This history examines AMC's cars from the company's formation in 1954 through its absorption by Chrysler in 1987. The Gremlin, Pacer and Eagle vehicles are examined in detail, as are the AMC custom cars of George Barris and Carl Green. The text details AMC's 1980s involvement with the French firm Renault and the design legacy of that joint venture, which includes the Hummer. The evolution of Jeep is covered from the 1960s through the 2000s. Features include some 225 photographs; a listing of AMC / Rambler clubs, organizations and business entities, with contact details; tables of detailed specifications and performance data; data on technical devices, trim packages and all model variations; a comprehensive account of AMC / Rambler appearances in film, television and cartoons.

Dream Cars Peter Dron 1990-07

Standard Catalog of Imported Cars, 1946-1990 James M. Flammang 1992 This book provides a wealth of detailed information that collectors, investors, and restorers of imported cars will not find in any other book. This massive volume spans the marques of imported vehicles. The list includes such familiar names as Alfa Romeo, Aston Martin, Bentley, Citroen, Jaguar, Lamborghini, Porsche, Rolls-Royce, Saab, and Volkswagen. Also in these pages, you'll find details on such lesser-known yet no less intriguing marques as Abarth, DAF, Frazer Nash, Humber, Iso, Nardi, Panhard, Peerless, Sabra and Skoda. The book also highlights model changes and corporate histories and provides value information on the most popular models of imported cars.

Carros dos Sonhos 02 – Porsches Clássicos On Line Editora 2017-07-13 Nesta publicação, você encontrará testes com o 911, guias de compra, comparações em autódromos e ensaios instigantes sobre as mais de cinco décadas desse icônico carro esportivo. Você também irá testemunhar um ou dois mitos sobre o 911 sendo quebrados... Mas por melhor que seja o 911, a Porsche não fez apenas esse carro. Então, você também irá encontrar artigos fascinantes sobre muitos modelos, do primeiro 356 baseado no Fusca ao 917, vencedor das 24 Horas de Le Mans; entrevistas com o lendário corredor Derek Bell e com o gênio da engenharia Hans Mezger; uma comparação entre os principais supercarros dos anos 1980, o 959 e a Ferrari F40, e muito mais.
