Orchestral "Pops" Music Lucy Manning 2013-10-10 In this second edition of Orchestral "Pops" Music: A Handbook, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful "pops" concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral "pops" concerts that is comprehensive, informative, and current. Manning's emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of Orchestral "Pops" Music includes at least 1,000 new title listings. Orchestral "Pops" Music: A Handbook is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and

orchestras.

Duel of the Fates (from Star Wars Episode I: The Phantom Menace) John Williams

1999-12-27 Keith Christopher has done a beautiful job of creating a fantastic arrangement of this dramatic fight theme from the John Williams' score for Star Wars Episode I: The Phantom Menace. The vocal lines within this orchestrated score act as additional layers of sound for the overall effect of this piece. This work requires vocal maturity and strength, but is certainly a fabulous program addition. Star Wars™ Darth Plagueis James Luceno 2012-11-19 Der Roman, auf den jeder Star-Wars-Fan gewartet hat ... »Darth Plagueis war ein Dunkler Lord der Sith, derart mächtig und weise, dass er die Macht nutzen konnte, um Leben zu erschaffen. Er hatte ein so ungeheures Wissen um die Dunkle Seite, dass er sogar dazu in der Lage war, das Sterben derjenigen, welche ihm nahestanden, zu verhindern. Was für eine Ironie. Er konnte andere vor dem Tod bewahren, aber sich selbst konnte er nicht retten.« Emperor Palpatine (Star Wars: Episode III – Die

Rache der Sith)
