ENVIRONMENTAL IMPACT ASSESSMENT (EIA)

Key stages in the Environmental Assessment process include: screening, alternatives, preliminary assessment, scoping, mitigation, main EIA study and environmental impact statement, review and monitoring (Box 5.1 and Figure 5.1). These need to be managed so that they provide information to decision-makers at every stage of the project planning cycle (Figure 5.2). Box 1: Steps in ...

United Nations Conference on Environment & Development context, the United Nations system has a key role to play. Other international, regional and subregional organizations are also called upon to contribute to this effort. The broadest public participation and the active involvement of the non-governmental organizations and other groups should also be encouraged. 1.4. The developmental and environmental objectives of Agenda ...

browser..... 3 Office Outreach Tallahassee topics

successful! At this time, I foresee NWS Tallahassee to progress in innovative ways to deliver key weather messages to our partners and the public. The office is comprised of young and talented meteorologists that are not afraid to step out of the box and try something new. I will continue to cultivate and embrace their desire to try new and ...
