Upgrading and Fixing a PC in easy steps, 3rd edition Stuart Yarnold 2011-07-12 Many people unnecessarily spend money buying a new computer when their current PC can be upgraded to meet their requirements. This title takes the reader through this process in simple stages. Many of us would spend more time fixing a

ten-dollar pen than repairing or upgrading a thousand dollar computer. Delving inside a PC seems so forbidding that many people would rather avoid it at any cost, even though replacing computer parts is so easy that, with the proper guidance, even technophobes can do it. *Upgrading & Fixing a PC in easy steps* provides all the information one needs to do just that. A must for all PC users. *Upgrading & Fixing a PC in easy steps* enables you to keep your PC at the cutting-edge by explaining how to replace components or add new ones. Its simple, illustrated instructions and nifty sidebars teach you to identify, locate, and install the relevant parts to make your computer faster, more versatile, and more powerful. But this book isn't just a handy how-to manual; it's a consumer guide. In truly easy steps, it teaches you to evaluate the performance, storage, and networking needs of your PC yourself. *Upgrading & Fixing a PC in easy steps* even provides you with a money-saving tutorial on your various buying options and a separate chapter on troubleshooting nasty problems. When one considers the high price and inconvenience of computer store visits, it's no wonder that we think of this both a learning tool and an investment.

Effective Communications in easy steps Nick Vandome 2012-07-06 We all communicate, every day, all of the time. So why can communications go so wrong in the workplace? Sometimes it is because the wrong methods are used at the

wrong times, and sometimes it is because the communications process becomes too complicated and bogged down in corporate jargon. Effective Communications in easy steps offers clarity in the world of corporate communications. There is no blue-sky, synergy-based, customer-centric thinking here; just informed, clear, practical and common sense advice on how to use communications to actually get the right message across to the correct audience. Written by two communications experts, with over 25 years experience between them, the book will show you how to: Create a practical Communications Strategy that works Understand how, and why, to evaluate your strategy Build and maintain websites that keep delivering Unravel the mysteries of social media Explode the myths about communications at work Get your message across using the right channel to engage your audience. Communications in the workplace should be a simple thing and, with Effective Communications in easy steps to guide you, it really can be.
