Die Genies der Lüfte Jennifer Ackerman 2017-05-19 Eines der beeindruckendsten Naturbücher der letzten Jahre! Vögel sind erstaunlich intelligente Wesen: Sie überqueren Kontinente, ohne nach dem Weg zu fragen. Sie erinnern sich an die Vergangenheit und planen für die Zukunft. Sie beherrschen die Grundprinzipien der Physik. Wie zahlreiche neue Studien zeigen, stehen die kognitiven Fähigkeiten vieler Vogelarten denen von Primaten in nichts nach. Und nicht nur ihre technische Kompetenz ist größer als lange angenommen, sie verfügen auch über eine beeindruckende soziale Intelligenz. Sie täuschen und manipulieren, sie machen Geschenke und trösten einander. Und das alles mit einem Gehirn kleiner als eine Walnuss. Jennifer Ackerman ist begeisterte Vogelbeobachterin und begibt sich auf Entdeckungsreise zu den Genies der Lüfte. Während sie von ihren Besuchen bei Ornithologen auf der ganzen Welt berichtet, versetzt sie den Leser immer wieder in Staunen: Etwa über die Neukaledoniek Krähe auf einer Inselgruppe im Pazifik, die sich Werkzeug bastelt, um an ihr Futter zu gelangen. Oder den Kiefernhäher in den Rocky Mountains, der bis zu 30000 Samen über Dutzende Quadratkilometer verteilt und einige Monate später noch erinnert, wo. Ihr Fazit: Das einzigartige Talent der Vögel macht vor allem ihre Fähigkeit aus, sich an stetig verändernde Lebensumstände und Herausforderungen anzupassen und dafür innovative Lösungen zu finden. Jennifer Ackerman verbindet auf elegante Weise persönliche Anekdoten und Reisereportage mit neusten wissenschaftlichen Erkenntnissen – nach der Lektüre sieht man die Wunder der Vogelwelt mit neuen Augen.

Birder on Berry Lane Robert Tougias 2020-03-17 “Birder on Berry Lane weaves a remarkably rich tapestry, describing many birds’ lives around a single place and showing just how connected to them we can become. Robert Tougias proves that if we look, we can see so much more than we think, even in our own backyards.” Brian Sullivan eBird project leader, Cornell University Author of *Better Birding—Tips, Tools, and Concepts for the Field* A month-by-month guide to the birds that flock to the peaceful New England backyard of a noted writer, birder, and naturalist. Robert Tougias's house on Berry Lane may look like a typical Connecticut suburban home, but as his fascinating year-long account reveals, its three-acre backyard is teeming with nature's mysteries. Acutely sensitive to the activities of birds, Tougias notes which species are present, which are breeding, and where their nests are. He identifies each species by its song, and brings us on a journey of appreciation as we learn the wonders of bird migration, the sensitive interaction of birds with their habitat, and the hidden meaning of their call notes and songs. Intimate and acutely observed writing reveals the miracles of the ordinary in the subtle changes, season to season, of the ecosystem of the woods, streams, and meadow that make up the sprawling backyard on Berry Lane. We are led to consider, too, the dangers posed by the climate crisis and unthinking human development. The quietly powerful writing tunes our senses to the change of the seasons, the return of warblers in spring, geese flying south in the fall--all happening on time as they have for eons. Beautifully illustrated with twenty-five line drawings, *Birder on Berry Lane* is a book of sublime simplicity that teaches an appreciation for what we commonly overlook.

Durch die intensive Beschäftigung mit dem Tier entwickelt sich eine konzentrierte Nähe zwischen den beiden, die tröstend und heilend wirkt. Doch Mabel ist nicht irgendein Tier. Mabel ist ein Greifvogel. Mabel tötet. " Um einen Greifvogel abzurichten, muss man ihn wie einen Greifvogel beobachten, erst dann kann man vorhersagen, was er als Nächstes tun wird. Schließlich sieht man die Körpersprache des Vogels gar nicht mehr – man scheint zu fühlen, was der Vogel fühlt. Die Wahrnehmung des Vogels wird zur eigenen. Als die Tage in dem abgedunkelten Raum vergingen und ich mich immer mehr in den Habicht hineinversetzte, schmolz mein Menschsein von mir ab."
